Welcome once again to the Gerrard Buxton Sports Ground for the first home game of 1989.

Today we continue our assault on the Wilts Senior Cup and we extend a warm welcome to the players, officials and supporters of our opponents - Aldbourne Park from Division 1 of the Wilts County League and hope that we can produce the type of close game we always enjoyed when Bassett played Aldbourne in league fixtures in previous seasons.

Well our Christmas and New Year fixtures did not go as well as we would have hoped. A home defeat in a very unentertaining game against Highworth on 27 Dec with an own goal from Peter York. On 31 Dec a 0-0 draw with highly placed Almondsbury Picksons - although this game was by far more entertaining with Bassett showing a lot more commitment in all departments with Alan Wilson having a particularly good game in midfield. On Mon 2 Jan we travelled to Cheltenham for the first round of the league cup only to be beaten 1-0. Once again Bassett played well but were just not able to break down the well organised Cheltenham team who create quite a few chances, and but for some excellent saves from Mark Ayres would have run out more convincing winners. That is three times we have played and lost to Cheltenham this season. Apart from the opening game of the season when we lost 0-3, the other two encounters have been decided by the single goal.

Right then, who was able to identify the well known personality featured in the photograph published in last weeks programme? It was of course our illustrious manager Mick Woolford. Mick, as a lot of you will know, has been involved in soccer for many years, not only as a player but also as a manager, and I hope that I will be able to feature him in one of our 'Profiles' in the very near future.

The Reserves recommence their league programme today away to Dorcan. They have not played since 17 Dec when they lost rather heavily to Walcot, to loose their unbeaten run, so manager Mal Baker will be looking for a good result today to get back into winning ways again.

The Club is still not getting much local press coverage of the games played here at Rylands Way, and I will repeat my plea made earlier in the season for someone to write a short match report for the Wootton Bassett Gazette. Any takers should contact any Club member for details.

Thank you for your support today and lets hope Bassett can go a step nearer to winning the Wilts Senior Cup with a victory over Aldbourne Park here today.
